PROFILE

UI Developer (9+ years) specializing in scalable design systems and component libraries. Translate research and Figma prototypes into consistent React/Angular experiences, enforce web accessibility.

LABORAL EXPERIENCE

Creative Designer & Developer, ZeetoGroup

Remote- US

apr 2023 - oct 2025

- Designed user-centered interfaces in Figma, producing wireframes, interactive prototypes, and reusable components within a scalable design system.
- Planned and executed A/B tests across product features; defined hypotheses and KPIs in Looker.
- Built and maintained content in Drupal CMS, ensuring compliance with accessibility (WCAG 2.1) and SEO best practices.

Software Engineer II, Kavak

Remote - MX/ARG

nov 2021 - nov 2022

- Designed interfaces in Figma, applying the Kavak style guide.
- Developed and maintained Angular components using SCSS.
- Implemented new APIs using Node.js and GraphQL.

Frontend MID, Derevo

México

feb 2019 - nov 2021

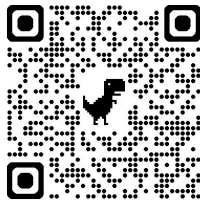

- Developed webapps with AngularJS and added Qlik Sense dashboards/visualizations.
- Standardized FE projects with SMACSS/BEM, reducing CSS %.
- Created an internal website with standards in React.

Frontend JR, Jalisco Government

México

oct 2015 - jan 2019

- Built responsive themes using Bootstrap and SCSS.
- Implemented architecture SMACSS and ITCSS to structure SCSS files.
- Enhanced web accessibility on Drupal sites using methodologies like Atomic Design, OOCSS.
